

Check Sheet – ERP Certificate with SAP Certificate

About the program: All students must have departmental approval to begin the certificate. If you have not gone through the application process yet, please submit an application first.

Note: SCM 445: Operations Planning and Control and SCM 460: Purchasing and Materials Management as offered by World Campus are unique versions of these courses, supplemented with SAP-specific course work. This means that these courses may be taken only through the World Campus to count toward the certificate; transfer credit for SCM 445 and SCM 460 will not be considered, including from another Penn State campus.

You must earn at least a “C” grade in each course to be eligible for the certificate.

REQUIRED COURSES (9 credits) - Choose THREE of the following courses:

Course Information	Semester/Year Taken	Grade
MIS 404/497C Introduction to ERP and Business Processes (3 credits) Prerequisite: MIS 204 or first-level programming course or with permission of the program		
SCM 445 Operations Planning and Control (3 credits) Prerequisite: SCM 310		
SCM 460 Purchasing and Materials Management (3 credits) Prerequisite: SCM 301 or SCM 310
