POLICIES AND RULES FOR RECOGNIZED STUDENT ORGANIZATIONS

INTRODUCTION

The policies and rules enumerated herein are intended, in part, to clarify the University’s relationship to RECOGNIZED STUDENT ORGANIZATIONS and also are intended to reflect the institution’s concerns and interests for promoting awareness, values, and responsible behavior. It is important to note that when persons are functioning in the capacity of members of a recognized student organization, a student group/organization and its officers may be held collectively or individually responsible for violations of the Code of Conduct. Student groups/organizations may be charged with violations of the Code of Conduct without regard to whether members of such groups/organizations are individually charged with violations arising from the same misconduct. A position of leadership in a student group/organization entails responsibility. Student officers or leaders cannot knowingly permit or condone any violation of the Code of Conduct by the group/organization. In your role as a student leader, you have a responsibility to take action to prevent violations of the Code of Conduct, and at minimum to notify the appropriate staff/advisor if you become aware of a potential violation of the Code of Conduct. Refer to the materials published in the 2016-2017 Edition of the Student Guide to General University Policies and Rules for more information. The Guide is current as of August 2016 and is subject to change. Policies and Rules for Student Organizations is subject to change throughout the academic year. The most recent document can be obtained through the World Campus Office of Student Affairs.

Administrative clarification and interpretation of policies administered by the World Campus Office of Student Affairs can be obtained by submitting a written inquiry or request to the Director of Student Affairs – World Campus or his/her designee. The Director of Student Affairs – World Campus will furnish a written response within fifteen business days. The Vice President for Student Affairs can review the response of Director of Student Affairs – World Campus, upon written request by the original individual/organization, within fifteen business days of receiving the response of the Director of Student Affairs – World Campus.

(I) RECOGNITION OF STUDENT ORGANIZATIONS

A. CONDITIONS FOR RECOGNITION OF ALL STUDENT ORGANIZATIONS

1. All recognized student organizations will be held responsible by the University for abiding by federal, state, and local laws, as well as all University regulations. The University may become involved in the off-campus conduct of recognized student organizations when such conduct is determined to affect a Substantial University Interest (as defined in the University Off-Campus Conduct Policy).

2. No organization which discriminates on the basis of any protected category as set forth in University policy AD-85 and AD-91 shall obtain or maintain University recognition. The Pennsylvania State
University is committed to equal access to programs, facilities, admission and employment for all persons. It is the policy of the University to maintain an environment free of harassment and free of discrimination against any person because of age, race, color, ancestry, national origin, religion, creed, service in the uniformed services (as defined in state and federal law), veteran status, sex, sexual orientation, marital or family status, pregnancy, pregnancy-related conditions, physical or mental disability, gender, perceived gender, gender identity, genetic information or political ideas. Discriminatory conduct and harassment, as well as sexual misconduct and relationship violence, violates the dignity of individuals, impedes the realization of the University's educational mission, and will not be tolerated at the Pennsylvania State University. Considerations shall be given to organizations which may be exempt from Title IX of the Education Amendments of 1972, relating to discrimination on the basis of gender. Attendance and participation in programs and activities which are open to all students and/or the public at large must comply with the University’s non-discrimination policies.

3. The official name or title of a recognized student organization must not be misleading as to the purpose or nature of the organization (including the use of acronyms). Organizations cannot use trademarked or registered names in their official title (except either as permitted in Section I.C.1 of this Handbook or as permitted by an authorized third party). Names and titles of student organizations must be unique and distinguishable from existing student organizations.

4. Only currently registered students shall be eligible for active membership status in student organizations. All other persons, including but not limited to, faculty, staff and community members may be admitted to associate membership. All associate members must be 18 years of age or older. Dual enrolled high school students are not eligible for active membership. They may be associate members if 18 or older.

5. Undergraduate and Graduate students must be enrolled at least part-time at the time of their appointment or election to be eligible to serve as appointed or elected officers within their organizations. Additionally, all officers of all student organizations must be enrolled at the campus where the organization is recognized and remain a degree-seeking student for the duration of their term. Student organizations may establish and apply additional eligibility criteria for appointed or elected leaders/officers if the criteria do not violate the University’s non-discrimination policy (Section I.A.2).

6. The purpose or purposes of a student organization must not conflict with the educational functions or established policies of the University. It is incumbent upon any person presenting objections to the application for recognition or continuance of an organization to demonstrate how and in what manner the registration or continuance of that organization would conflict with the policies of the University. These concerns should be directed to the Office of Student Affairs.

7. The purpose and/or functions of a student organization must not duplicate those of an existing recognized student organization. This requirement, however, is not applicable to an organization with religious or political purposes and/or functions as declared in its constitution of file with the World Campus Office of Student Affairs. The World Campus Office of Student Affairs may rescind the recognized status of an organization upon a determination that the organization is no longer fulfilling the purposes and/or functions described in its constitution. If an organization feels that a newly
recognized organization duplicates its stated purpose as set forth in its constitution, it may seek a review through the Director of Student Affairs – World Campus. This is accomplished by sending a letter to Director of Student Affairs – World Campus explaining how another organization duplicates its stated purpose. Preference is given to the organization that has had recognized status longer and is in good standing.

8. Recognized student organizations may not engage in HAZING ACTIVITIES. Hazing is defined as any action or situation that recklessly or intentionally endangers the mental or physical health or safety of a student or that willfully destroys or removes public or private property for the purpose of initiation or admission into or affiliation with, or as a condition for continued membership in any recognized student organization. Hazing includes, but is not limited to, any brutality of a physical nature, such as whipping, beating, branding, forced calisthenics, exposure to the elements, forced consumption of any food, liquor, drug, or other substance, or any other forced physical activity that could adversely affect the physical health and safety of the individual, and shall include any activity that would subject the individual to extreme mental stress, such as sleep deprivation, forced exclusion from social contact, forced conduct that could result in extreme embarrassment, or any other forced activity that could adversely affect the mental health or dignity of the individual, or any willful destruction or removal of public or private property. Any activity as described in this definition upon which the initiation or admission into or affiliation with or continued membership in a recognized student organization is directly or indirectly conditioned shall be presumed to be “forced” activity, the willingness of an individual to participate in such activity notwithstanding. Any recognized student organization that commits hazing is subject to disciplinary action.

9. If there is reasonable cause to believe that the organization seeking recognition is merely a reconstitution, in some form, of an organization that has lost University Recognition, the request for recognition may be denied. Reasonable cause to draw this conclusion may be based on any of multiple factors, including overlapping membership, similarity of purpose, and the timing of both the prior loss of recognition and the request for new recognition. If it is determined that a recognized student organization is a reconstitution of a previous organization that lost University recognition, recognition shall be revoked if there is reasonable cause to do so.

B. RELATION OF THE UNIVERSITY TO STUDENT ORGANIZATIONS

Recognition of student organizations shall not be construed as agreement, support, or approval by the University, but only as acknowledgement of the rights of the organization to exist at the University, subject to the conditions enumerated herein.

C. PRIVILEGES OF STUDENT ORGANIZATIONS

With these rights goes the responsibility of each recognized student organization for the consequences of its decisions and activities as a group.

(VIII) STUDENT ORGANIZATION INSURANCE

Overview of Liability Insurance Coverage
For Recognized Student Organizations
Of The Pennsylvania State University

NAMED INSURED: Recognized Student Organizations of The Pennsylvania State University
POLICY EFFECTIVE DATES: July 1, 2018 to July 1, 2019
INSURANCE CARRIER: Nittany Insurance Company
POLICY #: 320-1-ROSO 007
POLICY LIMITS:
  **General Liability**
  $1 Million per Occurrence
  $3 Million Policy Aggregate

**Excess Non-owned Auto Liability**
$1 Million Combined Single Limit

A. INSURANCE COVERAGES

1. **General Liability** - This provides liability insurance to Recognized Student Organizations* for Bodily Injury and Property Damage to “third parties” (any entity or person unrelated to the Student Organization). Claims could arise from the premises used (such as trip and falls), activities and operations, service of food, or contracts entered into. This General Liability insurance coverage will apply in excess of other primary liability insurance that Recognized Student Organizations may already have (such as from a national association). If no other primary liability insurance is in place, then this insurance is primary.

This coverage should suffice when external entities insist that the Organization show evidence of liability insurance before permitting an Organization event to take place on the outside entity’s premises (such as a car wash, spaghetti dinner, etc.). This insurance DOES NOT apply to Penn State’s recognized social Greek-letter organizations (social fraternities and sororities). If there are any questions, please ask the World Campus Office of Student Affairs.

Sample Coverage Exclusions (Items Not Covered) – this list is not exhaustive:

- Expected or Intended Injury
- Workers’ Compensation
- Employer’s Liability
- Pollution Liability
- Aviation Liability
- Electronic Data Liability
- Violation of Statutes
- Liquor Liability – if the student organization manufactures, distributes, sells, serves or furnishes alcoholic beverages there is no coverage for resulting injury.

2. **Excess Non-owned Auto Liability** - This provides Recognized Student Organizations* with limited Auto Liability insurance for Bodily Injury or Property Damage that arises out of the use of vehicles for Student Organization activities and business (such as making a delivery or going to the post office in someone’s personal car), for vehicles not owned by the Student Organization. This is not primary automobile insurance suitable for driving motor vehicles of any type, including rented vehicles, nor does it provide insurance coverage to the driver or to the vehicle owner. Rather, it covers the Recognized Student Organization for liability arising from vehicle use on the Organization’s behalf. The vehicle owner must carry their own auto liability and physical damage (comprehensive and collision) insurance on the vehicle. This insurance is excess of the vehicle owner’s liability insurance. If there are any questions, please ask the World Campus Office of Student for clarification.

Sample Coverage Exclusions (Items Not Covered) – this list is not exhaustive:

- Expected or Intended Injury
- No-Fault Injury Coverage to passengers
- Workers’ Compensation
- Employer’s Liability
- Pollution Liability
- Cargo
- Racing
- Physical Damage (comprehensive and collision) to the vehicle itself.

**B. PROOF OF INSURANCE COVERAGE – “INSURANCE CERTIFICATES”**

Recognized Student Organizations* may be required to provide proof of insurance coverage to an outside entity (such as when using or renting a facility). In those situations, there are 2 ways to obtain an Insurance Certificate:

   This certificate should satisfy most situations.

2. **Special Request Certificates** - should the above standard certificate not be satisfactory to the outside entity, please complete the enclosed “Special Request for Certificates of Insurance” and submit it per the instructions printed on the form. All documentation detailing the need for the Special Certificate (such as special wording, contracts, etc.) must be included with the form.

**C. CLAIMS, INCIDENTS, AND OTHER CIRCUMSTANCES**
1. If any member, Officer or Advisor of a Recognized Student Organization becomes aware of any incident which results an injury or property damage, or learns of circumstances which could lead to a claim against the Organization, the Officers and Advisor have an immediate duty to notify the appropriate office by the next business day.

Awareness of circumstances may come in the form of a letter, email or telephone call from a person or entity claiming to have been injured or suffered property damage, or from an attorney on their behalf, or by the nature of the event itself.

Incident Report for Insurance Claims – When incident occurs during a recognized student organization function where someone has been injured, property has been damaged, or anything else out of the ordinary has happened, please email the World Campus Office of Student Affairs. In the email, please describe the incident and include information such as name of student organization, President’s name and contact information, advisor’s named and contact information.

Note:  *  = Recognized Student Organization includes all organizations recognized by the Division of Student Affairs through their recognition process, regardless of Campus, including “Club Sports” where officially recognized.
